

Swirled French

Step 1 – Apply Entity Lavender or Pink Glitter Powder to nail plate.

Step 2 – Use Entity White Powder to create a “swirl” in the middle of the free-edge.

Step 3 – Use Entity Warm or Cool Nudit  Pink Powder to fill in the other sections.

Step 4 – Encase the entire nail in Entity Clear Powder.

* File, buff, and topcoat.

Marbleized Pink and White

Step 1 – Cover the nail plate with Entity Cool or Warm Pink Nudit  Powder, creating a smile line.

Step 2 – “Double dip” Entity White Powder and Pinkest Pink Powder, create a bead and apply to free edge.

Step 3 – Continue the “double-dipping” technique and apply beads with Entity Pink, White, Lavender or Pink Glitter Powders.

Step 4 – Encase the entire nail in Entity Clear Powder.

* File, buff, and topcoat.

Reversed French

Step 1 – Create a “moon” with Entity Pink or Lavender Glitter Powder.

Step 2 – Build the nail plate with Entity White Powder.

Step 3 – Extend the free-edge with Entity Pink or Lavender Glitter Powder.

Step 4 – Encase the entire nail in Entity Clear Powder.

* File, buff, and topcoat.

Inlaid Flowers

Step 1 – Build or extend entire nail with Entity Warm or Cool Pink Nudit  Powder.

Step 2 – Build flowers over the free-edge area with Entity White Powder.

Step 3 – Add a small amount of Entity Lavender or Pink Glitter Powder for an accent.

Step 4 – Encase the entire nail in Entity Clear Powder.

* File, buff, and topcoat.

3D Flowers

Step 1 – Build or extend entire nail with Entity Lavender or Pink Glitter Powder.

Step 2 – Encase the nail in Entity Clear Powder.

* File, buff, and topcoat.

Step 3 – Start applying flowers with Entity White Powder in the center of the nail.

Step 4 – Add accent petals and leaves with Entity White Powder to finish the 3D design.

Abstract French

Step 1 – Create an angle with Entity White Powder.

Step 2 – Add Entity Pink or Lavender Glitter Powder on the opposite side.

Step 3 – Apply Entity Pinker Pink Powder on the nail plate.

Step 4 – Encase the entire nail in Entity Clear Powder.

* File, buff, and topcoat.

Soft Leaves

Step 1 – Build or extend entire nail with Entity Pink or Lavender Glitter Powder.

Step 2 – Press a bead of Entity White Powder on one section of the nail. With the sharp side of an Entity Pusher, carve veins into the White Powder.

Step 3 – Create one more leaf on the other side of the nail.

Step 4 – Encase the entire nail in Entity Clear Powder.

* File, buff, and topcoat.
